### **Fighting this Pandemic Together**

We are committed to play our part in supporting the State Government's response to the COVID-19 pandemic and will continue helping our local communities overcome their difficulties during these challenging times.

On April 14, 2020, the Samling Group delivered medical supplies including a real time Polymerase Chain Reaction (PCR) machine, disposable surgical masks, disinfectants, thermometers and gloves to the Bintulu Hospital. Medical supplies were also given to clinics in the Tatau and Segan areas.

Just the previous week, Samling had donated a fully equipped laboratory comprising a PCR testing unit together with supplemental lab equipment and other medical supplies. We hope these medical supplies will help support the frontliners who are caring for people during the COVID-19 crisis.
